

A Viking History Portal & Web Game

FoVi - In the Footsteps of the Vikings

ADVERTISE TO HISTORY ENTHUSIASTS AND TRAVELLERS!

In the Nordic countries something starts happening around the 9th century that people even far away will soon experience. The Vikings enter the scene. The Vikings were skilful shipbuilders and navigators. Thanks to these skills the Vikings came to make themselves known over large areas of the known world, in places such as Novgorod in the east, Malta in the south, Iceland in the north, and even America.

We are just about creating **In the Footsteps of the Vikings Learning Game** (FoVi game) and a corresponding **web portal**. The latter will help to pre-market the game to the public. The game, best suitable for young people between 12 and 18 years, functions in the WWW (applying browsers like Mozilla Firefox and Internet Explorer) - free of charge for the players.

The screenshot shows a web browser window displaying the 'In the Footsteps of the Vikings' portal. A yellow callout box with a downward arrow points to a space on the page labeled 'Your ad here!'. A blue callout box with an upward arrow points to a section of the page labeled 'Tourism information of a municipality'. A green callout box with a rightward arrow points to an image of a Viking warrior, labeled 'Viking history & pictures'.

FoVi - A VIKING HISTORY LEARNING GAME AND PORTAL IN THE WWW & TOOL FOR INTERACTIVE ADVERTISING/ MARKETING

FoVi portal is aimed to all interested in the history of the Vikings and tourism attractions around the places the Vikings once visited. A FoVi club is connected to the portal. The members can give comments and test-drive the game during the development.

The **FoVi** Game portal constitutes an interactive internet marketing channel enabling your organization, its services and products an enthusiastic eye contact for tens of millions of people round the world.

If you consider gaining more international publicity for your organization using internet marketing you will now have at hand a very interesting tool in our FoVi portal.
